

Smallville Nursery
Admissions, fees and funding policy
April 2026

To be revised September 2027

At Smallville Nursery, we are dedicated to ensuring that our setting is accessible and welcoming to all children and families within our local communities. We are committed to promoting inclusion across all aspects of our admissions process and aim to provide opportunities for children from a wide range of backgrounds and circumstances. Our goal is to deliver high-quality early years education and care, while offering funded childcare in a way that is sustainable and maintains the highest standards of provision.

This policy outlines our admissions procedures, the criteria used when allocating places, and our approach to offering funded childcare fairly, equitably, and responsibly.

Legal Framework

This policy is informed by Sections 3.28 and 3.57 of the *Early Years Foundation Stage (EYFS) Statutory Framework* and is underpinned by the principles of the *Childcare Act 2006* and the *Equality Act 2010*. These legal frameworks ensure that our admissions and funded childcare processes are inclusive, transparent, and compliant with national early years standards.

Aim

Smallville Nursery is committed to ensuring accessibility to all sections of the community by following open, fair, and clearly communicated admissions procedures. We aim to promote smooth and positive transitions for both children and parents or carers, helping each family feel confident and happy when joining our nursery community.

We provide care for children aged 2 to 4 years, and the number and ages of children admitted are determined in accordance with the *EYFS* legal space requirements. When offering places, we remain mindful of staff-to-child ratios, available facilities, and the needs of individual children.

Smallville Nursery is registered with Ofsted to provide up to 26 places at any one time. We welcome all children regardless of their stage of development and do not require children to be toilet trained prior to admission.

Accessibility

At Smallville Nursery, we strive to ensure our services are accessible to all members of the community in line with our *Equality and Inclusion Policy*. We promote our nursery and its services throughout the local area, using multiple communication channels and languages where appropriate.

We work to provide resources, facilities, and expertise locally to meet the needs of families in the surrounding area. Information about our nursery is advertised through the Childcare Information Service, local schools, and community locations that are easily accessible to families.

We warmly welcome fathers, mothers, relatives, carers, and childminders. Our inclusive practice ensures that all individuals are treated equally and with respect, regardless of gender, special educational needs, disabilities, background, religion, ethnicity, or spoken language.

Our managers take responsibility for meeting new families, ensuring they receive all relevant nursery literature, and maintaining accurate records, including the waiting list.

Opening Hours

Smallville Nursery is open Monday to Friday from 07:00 to 18:00, operating 50 weeks per year.

Funded childcare is offered as a *stretched entitlement* over 48 weeks to support families throughout the year. The final two weeks in August fall outside of the funded period and are therefore not covered by government funding. All sessions booked during these two weeks will be charged at the full non-funded rate. A clear breakdown of these dates and associated costs will be provided at the beginning of the summer term to support families with planning.

Offering Places

Admissions at Smallville Nursery are allocated according to the following priorities:

1. Birth order, where appropriate.
2. First come, first served basis - we always endeavour to accommodate the needs of Smallville families, though we cannot guarantee preferred sessions.
3. Waiting list priority - children on the waiting list are offered available spaces before additional sessions are granted to existing families.

Places are confirmed via email by a member of the management team, including details of the start date and settling-in arrangements.

Settling-In Process

Once a place has been offered, each child is assigned an Early Years Practitioner as their key person.

The nursery manager will contact families to arrange settling-in sessions and gather essential information about the child's interests, routines, and individual needs.

A stay-and-play session will be organised to allow the child to explore the environment while their parent or carer remains present for reassurance. If the child settles well, they may begin attending on their agreed start date. If a longer transition period is required, this will be arranged to ensure the child's wellbeing and comfort.

The settling-in process is viewed as an essential part of helping children enjoy a positive start at nursery, and we remain flexible in supporting families during this important time.

Before a child begins attending, parents must complete and sign a **registration form and parent contract** providing essential details such as contact information, emergency contacts, health information, dietary requirements, allergies, permissions, and medical practitioner details.

Free Early Education (FEE)

Smallville Nursery offers Free Early Education (FEE) funding for eligible 2-, 3- and 4-year-olds.

FEE for 2, 3 and 4 year olds (Working parent entitlement)

Eligible working families with children aged 2, 3 and 4 years are entitled to up to 30 hours of funded childcare per week during term time. At Smallville Nursery, we offer this entitlement as a stretched offer across 48 weeks of the year, providing families with 24 funded hours per week to ensure consistent childcare throughout the year.

To qualify for this funding, both parents (or the sole parent in a single-parent household) must be in work and each earning the equivalent of at least 16 hours per week at National Minimum or Living Wage, but less than £100,000 per year. Parents must apply for and obtain a valid 30-hour code via the Government's Childcare Choices website: www.childcarechoices.gov.uk.

Once your code has been issued, you must provide it to the nursery manager along with your National Insurance number and your child's date of birth. You will also need to reconfirm your eligibility every three months to continue receiving the extended entitlement. The code must be valid and approved before the start of the new funding period; we regret that funding cannot be backdated if the code is not issued or renewed in time.

At Smallville Nursery, the 24 funded hours per week can be accessed through the following stretched session options:

- 07:30–11:30
- 13:30–17:30
- 07:30-11:30 + 13:30-17:30

Families may choose a combination of sessions up to the maximum of 24 funded hours per week. Any hours used beyond the funded entitlement will be charged at our standard hourly or sessional rate.

One hour per five-hour session will not be covered by Free Early Education (FEE) and will incur a £18 charge per session, which includes participation in Smallville's *Cultural Capital* events and enrichment classes.

For more information or assistance with applications, please visit www.childcarechoices.gov.uk or speak with the nursery manager.
